

Dear Advisors and Delegates,

It is my distinct privilege to formally invite you to the 60th annual session of Berkeley Model United Nations. Our landmark session will be held March 9th-11th 2012 on the historic University of California, Berkeley campus.

When BMUN was founded in 1952, it was the first United Nations simulation of its kind in the world. Since then, we have continued to pride ourselves on providing over 1,500 delegates an experience rich in diplomacy and debate. As the west coast's premier conference, we hope that you will join us as we celebrate an extraordinary 60 years of BMUN.

BMUN prides itself on pushing the envelope while maintaining tradition that dates back 60 years. This year, BMUN 60 will offer:

- 19 exciting and dynamic committees providing a diverse palette of international issues. They range from the traditional General Assembly and ECOSOC committees to specialized committees with a twist, such as the bilingual Organization of American States (OAS) or Historical Crisis Simulations.
- A new experience in the Press Corps committee, where delegates with interests in political journalism will assume the roles of international news organizations and report first-hand on the events that go on during BMUN 60.
- An ever-increasing commitment to amplifying our Alumni Scholarship fund. More than ever before, BMUN is equipped to provide students who attend BMUN with need-based scholarships. Last year, we were able to award every student who applied.
- Efforts towards social responsibility in sustainability and outreach. BMUN 60 is a waste-neutral conference (which is why we have shifted to online mailings) as well as a resource for budding Model UN programs. We have continued our efforts to increase MUN education beyond the classroom and onto our website.

Along with this letter, you will be able to find additional information regarding our conference on the advisors hub of our website at advisors.bmun.net.

Thank you for supporting our conference and I we are eager to see you and your delegates at BMUN's historic 60th Session!

Sincerely,
Jason Keovichit
Secretary-General, 60th Session
Berkeley Model United Nations
